Figure 9: You are taken to PayPal where you can either pay using your PayPal account or your debit card. Click **'Proceed'** and follow the steps here as you have always done when buying products or services online, to complete your payment.

Figure: 10: If you have a PayPal account then select that or just pay by Debit or Credit Card

It is a good idea if you do not have a PayPal account, to set one up and link to your bank account. Our preference is to do payouts of your commissions to your PayPal account. That is the easiest and most convenient way for us to automate the process. Other means of payout could be costly.

Once you have completed the payment, it will take you back to the site and give you access to the level of membership training that you have purchased.

You can begin recommending our products and services to earn commission and even though we encourage you to look at the content of the courses, you DO NOT have to complete the training programme to start recommending and earning.
